

VOLCANIC ERUPTION DRIVES PEOPLE FROM COLIMA

DOCTORS AND NURSES RUSHED TO SCENE—MANY VICTIMS ARE DEAD.

MEXICO CITY, June 20.—The volcano Colima broke out in eruption yesterday and the town of Colima has been shaken so that the tower of the cathedral was hurled to the ground and shattered. Volcanic dust is floating over Mexico City to such an extent that the sun is partially obscured.

Refugees are leaving Colima by the hundreds, heading for this city. The nurses and doctors of the Red Cross are preparing to leave for Colima tonight, although full details of the damage and injury to life are lacking.

FIANCE COMMITTEE MAKES FINAL REPORT

The financial committee for Memorial Day makes the following report, which shows the receipts and disbursements:

Receipts.	
Donations from business men	\$ 77.55
Donation from eight different lodges	50.00
Total	\$127.55

Moving organ	2.00
Hack hire	5.00
Flowers, etc.	20.55
Total	\$127.55
H. E. EPSTINE, H. BILYEAU, LEWIS LAWS, Finance Committee.	

VICKSBURG RUSHED SOUTH TO FIND OUT CAUSE

SAN DIEGO, June 20.—It was announced yesterday afternoon that the gunboat Vicksburg, stationed at this place, will probably be sent to Ensenada, Lower California, pending an investigation by the United States into the killing of two Americans, Doctor Foster and Patrick Glennon by Mexican troops near Alamo.

According to the reports of Vice-Consul Sawday, Foster and Glennon were directing the work of a force of Indians in rounding up cattle near Alamo when a force of one hundred Mexican federales appeared and deliberately fired on them.

The two white men and all the Indians were killed.

It is reported that the torpedo flotilla, which was to sail shortly for Mare Island, will instead be rushed to Ensenada, which is only a short distance from Alamo.

"HERE GOES NOTHING!" TAKES POISON; DIES

SALINAS, June 20.—Exclaiming to his wife, "Here goes nothing!" Charles N. Cape yesterday afternoon grabbed and swallowed a large dose of morphine. Despite heroic treatment he died within an hour. Cape was proprietor of the Snell Cycles and did a prosperous business. Liquor and domestic troubles are supposed to have driven him to the f. t.

KNIGHTS OF PYTHIAS PURCHASE THEIR HALL

The Knights of Pythias have purchased the building formerly occupied by the postoffice and in which they have had their quarters for some time.

The purchase was made from the Tonopah Lumber company. Several lodges are now meeting there and the hall and club rooms are as attractive as any to be found in the city.

BASEBALL BOYS TO BEGIN WORK THIS EVENING

QUITE A NUMBER OF NEW PLAYERS TO BE TRIED OUT BY CAPTAIN PECK.

"Tonopah has more good ball players this year than ever before," said Captain Peck last evening, "and if the boys now playing on the team want to hold their places they will have to work and be out for practice."

Tonight the boys will go to the park and there will be several new players on the diamond, who have never been seen in a uniform on the local grounds. There are three aspirants for the initial bag, two for second base and several who would like a place in the garden.

Quite a bit of money has been wagered on the outcome of next Sunday's game, and Captain Peck intends to see that the local backers get a run for their money, if practice counts for anything, and the boys will be out each evening.

Goldfield has imported several players and if they are going to win they will have to import several more. The Volunteers are good batters and propose to loose the ball next Sunday somewhere in the neighborhood of Goldfield.

The Goldfield Tribune has the following to say in regard to what happened to their baseball team Sunday:

Goldfield went over to Tonopah on Sunday on high speed to eat up the baseball sluggers of that camp, but the return trip was made with soft pedals, the verdict being 17 to 6 in favor of the intended victims. It was good-natured sport, however, and Tonopah will offer Goldfield a chance to get even next Sunday on the Goldfield grounds.

About 400 people went over to Tonopah by train and auto to witness the affair, which proved to be one of the saddest in the proud life of Goldfield. They carried with them the regulation "Goldfield spirit," and Tonopah met them with a pleasant smile. The Goldfield rooters had all kinds of money and plenty of confidence to back their private opinion that the Tonopah bunch were hobbled and tied, and had holes in their bats, and if Tonopah hadn't been afflicted with the same hunch and a fine quality of "cold feet," they could have sent the Goldfield crowd home without "breakfast money."

As it was, however, Goldfield only lost the game and about \$200, for all of which Harry Grier et al. are truly thankful.

SWATLETS.

The Good Book intimates something about pride going before destruction and a haughty spirit being overdue for a bump. However, the authors of that work were sufficiently ahead of the present day so that Goldfield people may be assured nothing personal was intended concerning our baseball team.

It might have been just as well to let Kelley finish out that game. When a pitcher as good as that Kelley persons finds himself in a tight hole, he will oftentimes pull himself out through sheer desperation.

Well, nobody cares! Tonopah will be here next Sunday with the probabilities all in favor of their "getting theirs" in approved style.

Probably the most amusing explanation of the defeat came from one of the barroom wisecracks with which Goldfield is afflicted. "Aw, get wise; get wise!" he growled, "that was a lay-down so's to get a carload of Tonopah change over here to grab next Sunday. Some crooks cannot see honor in anything."

Many star individual plays were made by the Goldfield boys, but lack of confidence militated against team work. Tonopah will get that drubbing yet.

Watch for the date of the big picture: "World's Most Daring Drivers," at the Idora. Picture of big automobile race meet.

MISS PURCELL AND EDWIN A. CORUM MARRIED TODAY

POPULAR TONOPAH COUPLE ARE WEDDED AT HOME OF THE BRIDE THIS MORNING.

Another pretty June wedding took place this morning, the contracting parties being Miss Arelene Purcell and Edwin A. Corum. The ceremony was performed at the home of the bride's mother, Mrs. M. E. Bales, and Father Flynn officiated. A sister of the bride, Miss Alice Bales, attended the bride, while E. J. Briggs acted as best man.

The wedding was a quiet one, only a few close friends and the immediate members of the family being present. The young couple received many beautiful and useful presents.

Miss Purcell is one of the most popular members of the young social set of Tonopah and has been employed in the office of the Midway Mining company for some time.

Erwin Corum was formerly a Tonopah boy and has many friends here, but at present is making his home in Sacramento.

The young couple left on the morning train for that city, where they will make their home. Friends gathered at the station to shower rice and congratulate the newly weds.

GIRL SLEEPS FOR SIXTY-THREE DAYS

EIGHTEEN-YEAR-OLD DAUGHTER OF ILLINOIS PEOPLE SLEEPS FOR 63 DAYS.

VANDALIA, Ill., June 20.—After sleeping almost continuously for nine weeks, Miss Hazel Schmidt, 18 years old, daughter of former Alderman George Schmidt, awakened yesterday and remained conscious for about five minutes. An attempt was made to give her nourishment but she fell asleep again before it could be prepared.

During the sixty-three days since she began her sleep Miss Schmidt has taken no food except what physicians and nurses have administered.

"CUT-OFF" SKIRT IS THE LATEST FAD

The very latest thing in feminine apparel is the "cut-off" skirt. It is the successor of the hobble and the harem, and will probably prove more popular with both the wearers and the masculine contingent. The new skirt differs from the hobble skirt merely in length. It stops far above the ankles. In some cases it reaches only below the knees. The fashion has been duly launched by Femina, the leading fashion magazine in Paris, and women of fashion are waiting to see what its public reception will be at the Grand Prix. Skirts show no signs of becoming larger and women could not walk with comfort or safety, so when the harem skirt failed the only thing that remained was to take away the shackles from around the feet and put them higher up by making the skirt shorter.—The Wasp.

TRAIN SERVICE TO CHIHUAHUA RESUMED

EL PASO, Texas, June 20.—Train service with Chihuahua was restored yesterday. The first through train for one week, together with a special train, arrived in Juarez last night over the Mexican Central railroad. The train brought 1100 Mexican laborers from points south of the City of Chihuahua, who have contracts for railroad work in Arizona and California.

BRYAN ADMITS WORTH.

LAURENS, S. C., June 20.—Despite the fact that he criticized the Underwood bill as it applied to schedule K on wool, W. J. Bryan admitted Saturday that it was an improvement over the present law.

GOOD PROGRAM AT THE IDORA THIS EVENING

NEW VAUDEVILLE TRIO WILL BE HERE TOMORROW IN THEIR SPECIALTIES.

Tonight will be the last chance Tonopah theater-goers will have to see Whittie and Jarvis in their clever wooden-shoe dancing. This team is very versatile, and their singing and dancing has made a great hit.

Beginning tomorrow night, the Majestic Trio will furnish the vaudeville for the Idora. This trio will entertain with singing and instrumental music, and from press notices, must be a whole show in themselves.

The pictures for tonight will be exceptionally fine. "A Rough Diamond" is the title of one, and hero of this worthy story is a preacher. Its background is a German estate. It is a sentimental story of country life, clearly told, with no harsh action or tragic episodes, and has a happy ending.

Another picture that will prove of great interest is: "Hey Brothers Photograph." This is an Edison dramatic portrayal of every-day life, showing scenes in the east, the western prairies and on the Panama canal.

A great improvement is noticeable in the temperature of the Idora since the installation of the six large electric fans, and the house will be found nice and cool every evening. And the seats at the Idora are comfortable and easy to sit in. Admission only 10 cents.

Watch for the date of the picture, "World's Most Daring Drivers," at the Idora. Picture of big automobile race meet.

H. C. PECK DIES OF APPENDICITIS

WELL KNOWN GOLDFIELD MAN CALLED BY DEATH AFTER OPERATION.

Goldfield residents were shocked to learn Sunday of the sudden death of Harry C. Peck, the well-known local machinery dealer, at the Sisters' hospital, following an operation for appendicitis. At the time of his going to the hospital it was feared that the operation might prove fatal because of the acuteness of the attack and the fact that Mr. Peck was not strong physically. He failed to rally properly and death ensued within twenty hours.

The deceased was born at Montreal, Canada, June 19, 1884, and was, therefore, slightly under 27 years of age at the time of his death. He is survived by a wife and two children, Dorothy, aged two years, and Alice, less than a year old. The remains were taken to Montreal for interment this morning. Mrs. Peck, accompanied by her children and Miss Phyllis Baker, a cousin, leaving with the remains.

During his residence in Goldfield Mr. Peck attained an enviable reputation as a live, up-to-date, hustling business man of high integrity; a man devoted to his family and his friends, and his loss will be felt keenly by a host of friends.—Tribune.

TREASURE SHIP NOW NEARING DESTINATION

SAN DIEGO, June 20.—Manager Chapin of the North Pacific Steamship company, stated yesterday afternoon that the treasure steamer Eureka would reach San Diego some time tomorrow. He said his advice came from D. W. Ferguson, the general agent at Los Angeles. As the Eureka coaled at Ensenada, it is considered doubtful if she will stop here. Many consider that she will lose no time in reaching her destination at San Diego. However, close watch will be kept here for the treasure ship all the rest of this week.

M'NAMARA WILL NOT BE TAKEN TO ILLINOIS

KIDNAPPING OF LABOR OFFICIAL CALLED "UNJUSTIFIABLE BY GRAND JURY"

INDIANAPOLIS, June 20.—Eight indictments against three persons in the dynamiting and kidnaping cases were returned in the criminal court today by the Marion county grand jury. After a conference Judge Markey and Prosecutor Baker announced that John J. McNamara, secretary-treasurer of the International Association of Bridge and Structural Iron Workers, had been indicted on a charge of conspiracy to dynamite the structural bridge-work of the Peoria and Peking Union Railroad company at Peoria, Illinois.

They also announced that "as William Burns is under a \$10,000 bond from this court it is permissible to announce that he has been indicted on a charge of kidnaping John J. McNamara."

The judge and prosecutor would say nothing further, but it is known that only one other person was indicted. This indictment is against James Hossick, a city detective of Los Angeles, who took McNamara to California. He is charged with kidnaping John J. McNamara.

In their written statement to the court the grand jurors found that Governor Marshall acted within the law in honoring the requisition for J. J. McNamara.

As to the police, the grand jurors were of the opinion that the duties of the policemen ended when McNamara was delivered by the city court to Detective Hossick of Los Angeles. The manner in which McNamara was hurried out of the state was denounced as unjustifiable.

Hugh Gowdy dissented from the statement of the grand jury in the respect that he believed more persons should have been indicted.

Prosecutor Baker announced that the investigation of the dynamiting cases had not closed, but would be continued vigorously. A new grand jury will convene in July and follow the lead unearthed by the present grand jury.

Up to this time it had never been directly charged that John J. McNamara had anything to do with the dynamite explosions at Peoria, Illinois.

Attorneys say he may be tried in this state for an alleged offense committed in Illinois, even if he could prove that he was in Indiana at the time the crime was alleged to have been committed.

TELEGRAPH AND TELEPHONE CO. IN NEW QUARTERS

The Postal Telegraph and Telephone company are now stationed in their new quarters in the Tonopah club, moving their instruments and office furniture last night. Mr. Waterhouse states that a number of improvements have been made at the new quarters that will greatly facilitate in the handling of their business.

DAREDEVIL BIRDMAN HAS QUIT AVIATION

QUINCY, Ill., June 20.—Walter Brookins announced Saturday, after finishing a two days' exhibition at this place, that he had quit the flying business for good. He will devote his time in future to his orange growing and gold mining interests, which he acquired in the west.

TOUCHES FATAL WIRE AS HE ESCAPES BULL

MADRID, June 20.—Francisco Pradillo, a 15-year-old shepherd, running from an angry bull near Seville, climbed an electric standard to escape. He touched a live wire and fell dead on the horns of the bull.

BATTLE ROYAL IS PLANNED FOR FOURTH OF JULY

MEETING OF THE SPORTS COMMITTEE WAS HELD LAST EVENING.

A battle royal will be held on the Fourth of July in Tonopah! This was decided at the meeting last night by the sports committee. Quite a bit of enthusiasm has been created by the announcement of the Cousin-Jack wrestling bout, and it is expected to have from a dozen to sixteen entries to this contest. The plan is to have them all in the arena at the same time and catch-as-catch-can. There will probably be something like four prizes for this event. At last night's meeting a committeeman was named to take charge of the different lines of sports and arrange for the contests.

AN ENGLISH SNOB PICTURES AMERICA

LONDON, June 20.—To see ourselves as others see us is usually irritating, but this picture of the United States of America by the erudite editor of the Winning Post is to laugh, as Joseph Weber was wont to say. He says:

"The United States of America is the name given to a large republic that stretches from the Atlantic to the Pacific and hopes very soon to include Canada. It consists of forty-five states, four territories, one district—none of which are ever united—and Mr. J. Pierpont Morgan. It is governed by a president and a collection of senators. The former usually holds office until he is assassinated or kidnapped, and the latter as long as they are able to pay the free and enlightened people of the country to return them. They are also called grafters."

"To reach the U. S. A. one must go across the Atlantic and take the first turning on the left."

"The principal industries of the country are millionaires, trusts, freak dinners, cornering wheat and the purchase of British art treasures. There is also a big business done in divorce. The exports of the country are numerous and varied, and include Mormons, Andrew Carnegie, Guinea Gold Cigarettes and Jack Johnson. The only imports of any note are the members of the English nobility, on which a heavy duty is invariably paid. In the early days of the U. S. A. the nobility were conspicuous by their absence. The favorite flower is the Mayflower, and every old family claims to have a sprig of it."

"The inhabitants of the country live principally upon canned meats, with occasional intervals of chewing gum and cocktails. As regards the first of the three, they eat what they can and can what they can't. Then the latter is imported to England."

"The earliest mention of the United States comes from Biblical history, where it is stated that 'the meek shall inherit the earth.'"

ENORMOUS FRAUDS ARE FOUND BY U. S. OFFICIALS

WASHINGTON, June 20.—Frauds amounting to several millions in duties on importations of cutlery during the last few years have been discovered by secret agents of the customs service, who are working in this country and Germany, whence most of the imports come to the United States.

SETS HERSELF AFIRE.

ST. JOSEPH, Mo., June 20.—Grieving over the drowning several weeks ago of her 12-year-old son, Mrs. Rachael Carr yesterday saturated her clothing with coal-oil and set it afire. Members of the family, who had been watching, rolled her in bed clothing and put out the fire. She was badly burned, however, and physicians say she will die.
